Submitted with reference to the R.D. notes at pp. 68-69 ante.

2. On being asked by Government to consider and report on what lines special facilities should be given to relea soldiers on their return to their villages, the commrs. in Conference have suggested that among other facilities interest free Tagai loan should be granted to a released soldier in the case of all land improvements and also in the case of building a house or premises required for his livelihood. In this connection, the Commissioners observe as under:-

"Tagai for the purpose in view is adquately covered in the case of land improvements by the present Acts (the Land Improvement Act and the Agriculturists Loans (Act). Tagai for the purposes of building houses and other premises is given under the Non Agricultural Loans Act but only in the case of calmities, The idea be bind the preser concession is almost the opposite of this gratitude for saving us fowm a calamity) and the Act will probably requi to be amended. The Remembrancer of Legal Affairs might be asked to examine this legal aspect."

The U.S.R.D., ~~hi~~ eh- thinks that the purpose in view can as well be served by cash grants on bonds or loans under proper agreements. The R.LA. is requested to advise as proposed by the Commissioners.
